Nadin Waleed	100063380
Mumtozmahal Salimova	100069496

Team Member Contribution Document

Project: Castlebound

This document outlines the individual contributions of each team member to the Castlebound game design and prototype project.

Maryam Alkharji

- Implemented core gameplay scripts including health system, hearts UI, and coin mechanics
- Developed pause menu, settings menu (music and sfx), and difficulty toggle functionality
- Scripted powerup system (shield and double jump) with visual feedback
- Implemented player feedback systems including hint popups, proximity hints in level 3, and UI signals
- Implemented bonus heart overflow system and key proximity detection zones
- Conducted usability testing with a user and documented findings

Date: 20/4/2026

Mumtozmahal Salimova

- Designed and built Level 2 (Mountain Pass) layout and platform structure
- Implemented wind mechanic and ice physics affecting player movement
- Contributed to level transition scenes and narrative text between levels
- Assisted with enemy placement and level balancing across levels
- Conducted usability testing with a user and documented findings

Signature:

Date: 20.04.2026

Fatma Ramadan

- Designed and built Level 3 (Castle Approach) layout and tile structure
- Contributed to the key mechanic and castle gate interaction logic
- Assisted with environment design including water, lighting, and parallax backgrounds
- Assisted with level transition and game completion flow scripting
- Conducted usability testing with a user and documented findings

Signature:

Date: 20/04/2026

Nadin Waleed

- Designed and built Level 1 (Fallen Meadows) layout and introductory platform structure
- Implemented main menu scene including play, help, and quit functionality
- Contributed to game over screen design and cause-of-death feedback system
- Contributed to overall game flow and scene transitions between levels
- Conducted usability testing with a user and documented findings

Signature:

Date: 24/4/2026

Declaration

We, the undersigned, confirm that this document accurately reflects our individual contributions to the project, and that all work submitted is our own.
